

BE TISLS

school life and community

SPECIAL EDITION

Graduations

Thanks to the commitment of everyone who takes part at TISLS' community throughout this year in pandemic, we could resume with safety, some of our school traditions. In this case, we talk about three significant milestones that have our students in a leading role, but that involve and make proud our whole school community, that sees how they grow up and go forward in their academic path: the graduation ceremonies of our Kinder, 8th and 12th graders. In this special edition of Be TISLS, you can read more about them.

12TH GRADES

ENDURANCE ALUMNI

46 of our former students said goodbye to TISLS in a solemn graduation ceremony. Among many other experiences, this class had to learn to read what lies in the depth of a sight and to decipher what our eyes are able to express. Endurance was their main group quality.

KINDER

FIRST STEP INTO ELEMENTARY

In an emotive ceremony, our former Kinder students graduated from Lower School and took their first step into Elementary, as they received their diplomas and successfully finished their educational year. Proud parents, could witness how their kids took their first big step on their educational path at TISLS.

8TH GRADES

A WALK TO THE FINAL CYCLE

Our 8th NG and 8th PM students could celebrate their path to High School in an intimate and symbolic ceremony with the participation of their parents and representatives, classmates, homeroom teachers and level coordinators.

A SIGNIFICANT MESSAGE

TO ALL OUR TISLS COMMUNITY

Dear TISLS community,

First of all, I would like to send a warm greeting to everyone who takes part of TISLS, giving life to The International School La Serena,

And as we say goodbye to 2021, I would also like to share with you some thoughts, in a year full of experiences and learning, particularly concerning the challenge of living along with a world sanitary crisis and the goal of strengthening day by day, our appreciated educational space and environment.

"We have successfully finished a new cycle, and despite adversity, our children and teenagers have the leading role in their lives and in the future that opens path within their eyes, with the conviction of the capacities each of them have, to be who they want to be".

Miss Verónica Opazo Neumann
Headmistress
